

Pinboard vB

A notice board is the perfect choice when information, ideas or news needs to be displayed in schools or offices. Our range of notice boards is available in multiple surfaces and colors. Different kinds of frame options with or without integrated shelf or rounded corners offer a wide range of possibilities and design details.

Natural cork

The board has a surface made of natural cork, suitable for use with pushpins.

Cork Lino

The board has a surface made of cork lino, "Bulletin Board". Suitable for use with pushpins. The board surface has a complete framework of aluminum extrusion profiles, powder coated with a powder coating based on epoxy and / or polyester resin in the color U1130 (gray-white).

Construction and finish

The board face is surrounded by an extruded aluminium section frame coated with an epoxy and polyester resin-based grey-white (U1130) powder coating. All corners are equipped with plastic protection caps, which ensure the required degree of safety.

The board face is a sandwich panel (13.4 mm) comprising a writing surface, a support and writing surface coated under pressure with an aqueous synthetic dispersion adhesive. m. Owing to the hexagonal honeycomb structure, relatively little material is needed to secure maximum strength combined with very low weight. The honeycomb plate possesses very high resistance to pressure (350 to 400 kPa).

Dimensions

100 x 100 cm
 100 x 120 cm
 100 x 150 cm
 100 x 200 cm
 120 x 120 cm
 120 x 150 cm
 120 x 200 cm

The board is wallfixed trough a mounting profile and screws.

TECHNICAL DRAWING

Size total board area

Dimension chalk or pencil storage

Dimension board

Writing = White smooth

The board has smooth white enameled steel surface, suitable to writing with markers (dry erase whiteboard markers) and magnets.

Writing + projection = White semi matt

The board has a white semi-matt enameled steel surface, suitable for projection and to writing with markers (wet erase whiteboard markers with a moist cloth) and magnets.

Projection = White matt

The board has a white matte enameled steel surface, suitable for projection, NOT suitable for writing with markers and magnets.
